

The LUPI game - exclusive & as small as possible

(Lowest Unique Positive Integer – Game)

The following simple rules apply to this little experiment:

- All participants secretly choose a natural number from 1 to 15.
- The winner is the person whose number is as small as possible and has only been chosen once.

How will you decide?

Please give your gender, your chosen number and a brief statement of reasons for your choice below.

Gender: f ☐ m ☐ d ☐

My number:

Reason for my choice:

Thank you for your participation & good luck!
